CAN WE INTEGRATE SPIRITUALITY AND PSYCHODYNAMIC PSYCHOTHERAPY?

Kenneth Porter, M.D., a spiritually-oriented psychoanalytic psychotherapist, and past-president of ASP, will present a long-term case illustrating the combination of spirituality with psychodynamic psychotherapy, including the use of specific techniques that facilitate this integration.

Our Discussant will be Henry Grayson, Ph.D., Co-founder of the National Institute for the Psychotherapies Training Institute and past-president of ASP. Dr. Grayson will discuss the case using the spiritual, cognitive, and energy psychology approaches that he uses in his own clinical therapy work.
